Letter of Reference

Dram has been working with Anna Walorek-Iwanowska and Valor for over 3 years. We find her organisational skills exceptional. Without her we would be unable to expand in the Polish marketplace. Anna and her organisation set up visit programs for us and handle all the details, from small to large. I just show up and get in the car – wonderful! Valor's staff's interpreting abilities during customer visits and for follow up are also essential for us.

This spring we were also able to enjoy their organisation of the Rotopol Spring Event in Mierzęcin. We were sponsors so it was important for us that the conference be well attended. It was. Valor had chosen the right location and promoted it very successfully. We found it profitable and a lot of fun, something everyone I talked to agreed with.

We fully intend to maintain our ongoing relationship with Anna and Valor.
